Hospitality gets smart

FIXO Suite is the room assistance system that makes smart the Guest Experience and the interaction with reception. Through visual and audio notifications, it is possible to send direct alerts to promote internal and external services, increasing up-selling and cross-selling revenues.

fixo.io

FIXO Smart Room
can be placed either on the wall
or on the desk of hotel rooms
to provide information at a
glance and allow the Guests
to send step-by-step requests
